River access point
Distances between river access points are shown on the diagram below. Average floating time at "ample floating level" is about two miles per hour.
Buffalo National River Authorized Area
Private property exists within the authorized area. Please respect owners' rights.
WARNING
Locally heavy rains cause rivers and streams to rise rapidly. Pick campsites that allow an escape route.
Do not dive or jump into the river. Swim only in clear, calm water and check below the surface for submerged objects.
